

TPA3 DATASHEET

No. YBDS1628
Date: Dec19, 2016

Product Name: Thermal Protective Aids
Model: TPA3
Size: Universal
Certificate: MED B+D (No.MED139116WS)
Material: Reinforced Thermal Insulation Composite Fabric.
Color: Safety yellow.
Shape: Packed in rectangle.
Dimension: Length: 2200 mm, Width: 900 mm
Material Thermal Conductance: 704.8 W/(m²·K)

Standards:

IMO Res. MSC.81 (70) as amended.
SOLAS Reg. III/22, Reg. III/32, Reg. III/34, Res MSC.36(63) (1994 HSC Code) 8, Res MSC 48(66) (LSA Code), Res MSC.97(73) (2000 HSC Code) 8.
Relative Directive: Marine Equipment Directive (MED) 2014/90/EU, including the requirements and testing standards of (EU) 2015/559.

Features and Benefits

- Compliance with most updated regulation and standard.
- 20% longer than normal TPA in the market, more comfortable.
- Bright yellow color, easy for recognition in bad weather.
- Double zip puller design, easy to don and remove from both inside and outside.
- Extended zipper length, save the time of don and remove.
- Packed by PA/PE composite bag, prevent moisture, easy maintenance.
- Vacuum packed, take less space, easy storage.
